WHAT IS A SUMMER CITIZEN?

Become a lifelong learner! Discover, Engage and Celebrate your summer by registering to participate in the many courses offered during the summer semester at Utah State University. This year Utah State University commemorates the 41st Anniversary of the Summer Citizens Program. While most students are getting a break from classes during the summer months, more than 700 senior citizens go back to school at Utah State University where they enroll in the Summer Citizens Program.

The Summer Citizens Program students are offered diverse course subjects without the challenge of receiving credit, homework, or grades. The wide range of stimulating topics are categorized by the following topics:

Geneology and Resources

Culture, Religion, and Science

History and World Events

Technology

Health and Fitness

Entertainment and The Arts

Travel Adventures

Course titles and descriptions are located on pages 20-40 in the program book, featured At-A-Glance on the back cover, and listed on the website: summercitizens.usu.edu Course Info page.

All courses are instructed by university professors, local experts, and Summer Citizens with speciality backgrounds and qualifications. Classes have a modest registration fee, but are rich in substance.

For those more interested in sightseeing, you won't want to miss out on registering for the guided bus tours to explore and experience northern Utah. This area has an abundant history that we can't wait to share. Check out the wonderful guided bus tours listed on pages 38-39.

“Had a wonderful time (again). This is my 4th year and it truly is ‘coming home’ for me when we pull into Logan.”

THE SUMMER CITIZENS CARD

ADDITIONAL INFORMATION

WHY IS A SUMMER CITIZEN ID CARD REQUIRED?

The Summer Citizens Program is a self-support program. The revenue collected from ID Card sales is re-distributed throughout campus departments to compensate for services provided to card holders during the summer months. A small portion of this revenue supports administrative costs of the program. Without the funds from this ID Card the Summer Citizens Program would cease to operate. As such, we are interdependent and rely on the program registrants who are actively engaged not only by purchasing the ID Card and enrolling in amazing classes at USU, but also involved in all the wonderful opportunities this picturesque hometown environment offers summer residents.

THE ID CARD AND SUMMER HOUSING?

Housing properties are contracted as sponsors of the program to provide affordable and comfortable lodging opportunities to registrants of the Summer Citizens Program. Snow Hall, Blue Square, The Factory, Alpine Flats, and University Inn currently include the ID card as part of their lease/rental agreements. In the future, all housing properties will include the ID card in the lease/rental agreement as they sponsor and support the Summer Citizens Program.

1st Card = \$95

2nd Card = \$90

ID CARD AND PERFORMING ARTS/FREE EVENTS.

Local businesses and community events heavily rely on the support of Summer Citizens Program registrants. Through our partnership, the community is able to provide professional high quality musical theatre, opera, local fairs, daily free concerts and more. Your support of purchasing the ID Card has a direct correlation to the success and future of the amazing entertainment and community events.

ID CARD/DISCOUNT COUPON BOOK

Sponsors of the Summer Citizens Program advertise and offer discounts in the Summer Citizen Coupon Book. These discounts to recreation, health care providers, restaurants, grocery stores and numerous other merchants are a benefit to each program registrant as well as to our sponsors. It's a great way to keep our community growing and to help you participate in our community recreational opportunities, make medical appointments, shop, dine-out, attend events and explore our community.

ENJOY YOUR SUMMER IN LOGAN!

We can't wait to introduce you to our charming community.

Check out our website for area info and a calendar of events. We look forward to meeting you!

(Located in the historic
Cache County Courthouse)

Downtown Logan is only a 5-minute drive from outdoor adventure and beauty in the Wasatch-Cache National Forest.

Logan Canyon National Scenic Byway is a 41-mile spectacular drive past limestone cliffs, the Logan River, and forested canopies to the turquoise-blue waters of Bear Lake.

The dramatic canyon provides great fishing, hunting, hiking, camping, canoeing, biking, geocaching, horseback riding, and bird-watching. Don't miss Tony Grove Lake, a glacial lake surrounded by wildflowers and a likely spot to spy a moose.

www.logancanyon.org

Cache Valley's dramatic landscape represents the rugged struggle to settle the American West. It's the ancestral home of the Northwest Band of the Shoshone, mountain men roamed and traded furs here in the 1820s, and Mormon pioneers settled the area in the 1850s.

Stop in at the American West Heritage Center, a 160-acre living history center and experience the history of the Old West.

Depending on the day, you'll visit with mountain men, farmers, and pioneers. Check out the bison. Museum open year-round; living history open seasonally.

www.awhc.org

Welcome to our rich cultural tapestry of performing and fine arts, nurtured and thriving since 1856. Logan was so artsy that in the early 1900s it was known as the Athens of the West.

Take in a wide variety of fantastic talent at our free Noon Music Concerts at the historic Tabernacle Monday through Friday. Concerts last about 45 minutes.

Logan boasts its own historic theatre district with three exquisitely restored theaters in just one block. You'll be impressed by the 1923 Ellen Eccles Theatre, home of Utah Festival; the 1913 Caine Lyric Theatre; and The Utah, a 1924 Art Deco masterpiece. All three are full of activity all summer long.

Stroll on the beautiful campus of Utah State University, a major research university founded as an agricultural college in 1888. Old Main is an architectural icon and the A on top stands for the Aggies, the USU mascot.

www.usu.edu

Take a walking tour of historic downtown Logan, where you'll find great examples of early Mormon pioneer architecture, including the temple and tabernacle, the 1923 Ellen Eccles Theatre, the 1914 Bluebird Café (the oldest restaurant in the state), impressive turn-of-the-century homes and churches, and the beautifully restored Cache County Courthouse, home of the Cache Valley Visitors Bureau.

RESTAURANTS – Logan has more than 70 restaurants to choose from, including many unique restaurants with their own specialties as well as various national food chains.

The internationally renowned Utah Festival Opera and Musical Theatre takes the Ellen Eccles Theatre stage to perform operas and Broadway shows along with concerts, classes, backstage tours, and more. Hundreds of performers from the nation's greatest stages showcase a month of spectacular performances. Don't miss *Music Man*, *Madama Butterfly*, *Pirates of Penzance*, *Hunchback of Notre Dame*, and *Seussical the Musical*.

www.utahfestival.org or
435-750-0300 ext. 3

CHURCHES – More than two dozen religious denominations welcome visitors to worship. Yes, we do have lots of Mormons here, but don't worry, they're not out to get you. You'll notice quiet Sundays with not a lot of businesses open and larger families than you are probably used to seeing.

The Caine-Lyric Theatre opened in 1913 and is home to the Lyric Repertory Company, one of the true remaining repertory companies in the nation. Each summer the talented actors and actresses light up the stage with 4-6 productions and offer a charming view of America's theatre past. This year the Repertory Company is celebrating its 50th year! Don't miss *Big River*, *The Foreigner*, *Wait Until Dark*, and *The Complete Works of William Shakespeare (abridged)*. Watch for the announcement of an exciting fifth show!

435-797-8022

SHOPPING – We've got the chains you're used to like Walmart and Walgreens, a mall with more than 40 stores, and unique shops in the historic downtown area. Major department stores include Kohl's and Herbergers, and there are plenty of grocery stores to choose from.

What do I do when I arrive on campus?

Park in the Big Blue Parking Terrace located on 700 North, see USU map on page 7.

Go to the Eccles Conference Center Summer Citizens Program office – basement room 103, see map on page 7.

At the Eccles Conference Center you will pick-up your USU Summer Citizens packet if you pre-registered and have had a card issued in prior years. If this is your first summer, or you were not registered in 2015 or 2016, you will receive a voucher for the ID card with instructions where to go to get the card printed.

At the Eccles Conference Center you will also pick-up your USU Parking Pass, Coupon Book, T-Shirt for those who registered online, and other program information.

Eccles Conference Center hours of operation are Monday - Friday from 8:00 am to 5:00 pm.

Call 435-797-2028 for additional information.

What is a Summer Citizens ID Card? Do I need it?

The Summer Citizens Card is mandatory. You will be asked to show your card at all times throughout the summer. It allows you to participate in any on-campus program or event. The card will be used as an identification card for campus services such as recreation facilities, fitness centers, computer labs, parking privileges, and a debit card for dining accounts and select discounts. If you registered with the program in 2015 or 2016, you must keep your Summer Citizens ID Card. Bring it with you, because the card is a lifetime card that is reactivated each year you register with the program. Everyone who did not register in 2015 or 2016 will be issued a new lifetime card.

What amenities does my Summer Citizens Card allow me to access on campus?

The Summer Citizens ID Card allows access to the Library and Computer Labs on-campus and parking privileges (campus recreation pass is optional). Be sure to take your card with you for verification.

What happens once I register for a Summer Citizens Card and Courses?

Once you have registered for a Summer Citizens ID Card and/or courses, a confirmation letter will be emailed to you. Information about Utah State University and Cache Valley, including a coupon book offering discounts to local vendors, will be provided to you upon check-in on-campus at the Eccles Conference Center.

Can I just buy one card and share it with my spouse/significant other?

Each Summer Citizen participant must have their own card. Your card is used to identify you as a participant in the program. Therefore, sharing cards is not allowed. Your picture and A# are on the Summer Citizens ID Card.

How will I know about university and community events throughout the summer?

Each authorized program sponsored apartment complex chooses one or more residents to be a Communication Council member. These members attend a bi-weekly meeting where they will receive information/flyers about upcoming events for posting on bulletin boards in your complex. If you have alternative housing, you may attend these meetings to gather this information. The first communication council meeting will be held Tuesday, May 30th at 8:30 a.m in the University Inn. Event information will also be posted on our website calendar of events at summercitizens.usu.edu.

Who is the coordinator for the Summer Citizens Program?

Linda D'Addabbo is the Summer Citizens Coordinator. The Assistant Coordinator is Madyson Perkes. Their offices are located in the basement of the Eccles Conference Center. Madyson: 435-797-2028 or madyson.perkes@usu.edu
Linda: 435-797-0425 or linda.daddabbo@usu.edu

When are the workout facilities open with a Campus Rec Pass?

HPER Building	M-F	7:30am-7:30pm
Lap Swim (large pool)	M-F	8:00am-1:00pm 5:00pm-7:00pm
Open Rec Swim	M/W/F T/Th	11:00am-12:00pm 11:00am-1:00pm
Log Rolling Available	M/W/F	5:00pm-7:00pm
Fieldhouse	M-F	8:00am-1:00pm

Where can I park on campus?

The Summer Citizens Parking pass allows parking in Blue, Black, Gray, and Yellow Lots (designated by "P" on map on pag 7). It also allows 4 hours per day in the Big Blue Parking Terrace located on 700 North. Optional \$10 upgrade permit to include Orange and Green lots (designated by "\$" on map on pg 7).

Handicap accessible parking?

You must have a handicap permit or license plate to park in designated handicap stalls on USU's campus.

What is the Welcome and Orientation?

The Welcome and Orientation will be held Friday, June 2nd at 2:00 pm in the Taggart Student Center Ballroom. This is the place to learn why the ID Card holds such great value! Summer Citizens will have the opportunity to visit with university and community representatives to learn about benefits and discounts of being a Summer Citizens Cardholder. Be sure to attend!

How do I register for the Closing Social?

All registered Summer Citizens will receive an email in July 2017, with an invitation to register for the Closing Social Luncheon. The Closing Social is scheduled to be held Thursday, August 3rd at 12:00 p.m. in the TSC Ballroom.

If I'm staying at the University Inn, how will I learn about university and community events during my stay?

After each Communication Council meeting, the hotel will be given information that was distributed at the meeting. You can also find the information posted on the Summer Citizens website. Short-term stay orientations may be held for hotel guests. Visit the website for dates & times.

Do I have to stay for the whole summer or can I just stay for a few weeks?

There are some properties that offer less than a 3 month lease. Please see pages 16-17 for contract options and cost. To participate in the USU Program an ID Card is required and pro-rating is not an option.

What is the weather like?

Even on a hot day it typically cools down in the evening and stays pleasant through most of the morning. An evening breeze from Logan Canyon cools the temperatures at night.

What if I want to bring my pet(s)?

Space is limited for those who would like to bring pets. Cambridge Court and Stadium Crossing (formerly Riverside Apartments) are the only housing facilities that allow pets. For more details, please contact them directly:

THE STUDY OF AMERICAN SHORT STORIES BY DISTINGUISHED AUTHORS

116	5-Jun – 9-Jun	1:30 PM – 2:45 PM	M - F	\$40.00	ENGR 201
-----	---------------	-------------------	-------	---------	----------

Adventure into the world of literature told by some of the best contemporary short story writers. A short story is quality fiction, but it is short, unlike a novel, and is absorbed in one sitting. It's always been America's own typical form of literary expression. We'll study the "best" from the book, "The Norton Anthology of Short Fiction", which is available on Amazon. Each of us will bring our unique experiences & our intellectual interpretation of the stories, resulting in some lively and thoughtful discussion. Specific stories to be studied will be confirmed later.

INSTRUCTOR: ROBERTA KLEBANOFF received her BA from Hunter College, NY, and M.ED from the University of Maryland. She has taught English and writing in secondary schools and colleges in Maryland and Mission Viejo, CA. In 1997, she ventured to China where she taught Oral English, reading comprehension, and Understanding American Culture. She has also taught in Germany, Alaska, and Italy. At the present time, she is tutoring college students at Palm Desert Community College in expository writing and essays exploring the elements of fiction.

CASH OUT! RETIRE ON YOUR TERMS, LIVE WELL AND DIE HAPPY

126	19-Jun – 23-Jun	1:30 PM – 2:45 PM	M - F	\$40.00	ENGR 201
-----	-----------------	-------------------	-------	---------	----------

Come join us for this fun and fascinating journey on getting the most out of life (and death) after 55! Our course focuses on life fulfillment and the pursuit of happiness, while discussing best practices for using your resources towards these goals (including your financial resources). Although this course delves deep into how money affects our lives and the lives of loved ones, we do not discuss how to invest money. Rather, we'll discuss how to invest in yourself with the resources you have to build a fulfilling life and leave a lasting legacy.

INSTRUCTOR: JACK DAVIS has been helping people pursue retirement on their terms and live well for more than two decades. From his early days growing up in Nebraska in a close and loving family, Jack learned the importance of integrity, hard work, building strong relationships and living life with purpose. Now, he's distilled a lifetime of experiences into a guidebook and classroom courses for people looking to make smart decisions with their money and their life. Jack is CEO and Founder of Navigation Retirement Group, a wealth management firm in Southern Arizona. He has earned his Masters of Science Degree in Personal Financial Planning, and he is a CERTIFIED FINANCIAL PLANNER™ professional (CFP®). Jack is currently teaching this course on the University of Arizona campus through their adult learning division (OLLI-UA).

MEET YOUR MORMON NEIGHBORS: INSIGHTS INTO THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

128	19-Jun – 23-Jun	3:30 PM – 4:45 PM	M - F	\$40.00	ENGR 201
-----	-----------------	-------------------	-------	---------	----------

Come and learn about the history, doctrines, organization, culture and quirks of the Church of Jesus Christ of Latter-day Saints. This is NOT an attempt to convert anyone, just a chance to discover more about your neighbors in your summertime home in a fun and relaxed learning environment.

INSTRUCTOR: JULIE HOLLIST TERRILL is the director of the Cache Valley Visitors Bureau. She holds a masters degree in journalism and communications from Utah State University, loves new adventures and is a sought-after speaker and instructor. She has taught as an adjunct professor at Utah State University and you're just as likely to find her at the rodeo as at the opera. She loves summer citizens and can't wait to share some of the area's history with you.

"The USU campus has become a part of our life style. After four years we now refer to Logan as the place we come to enjoy our summer family."

ASTRONOMY AND STARGAZING FOR BEGINNERS

129	26-Jun – 28-Jun	9:00 AM – 10:15 AM	M - F	\$40.00	ENGR 201
-----	-----------------	--------------------	-------	---------	----------

This course is for beginners or novices who are curious about astronomy and what's in the night sky. Some may be interested in pursuing this as a hobby, its never to late to start. You don't even need a telescope. We will discuss such topics as how to locate and identify major stars and constellations in the summer sky. How to be a better observer. How to buy a telescope and get the best one for your money. How to observe the Moon, Planets, Meteors, Comets, and safely observe the Sun. We will also discuss deep sky objects such as galaxies, Star Clusters, Nebulae with a focus on the Messier list used by all amateur observers. We will discuss how to observe and even how to photograph these sky objects. We will discuss how to use the free and popular planetarium program for you computer called Stellarium. We will talk about how to join a local astronomy club in your area. Other topics will include how the Universe began, how it will end, the future for our Sun and the earth, are there other earths in the galaxy and what are the prospects of life in our galaxy and the universe, what is NASA doing to learn about our solar system, galaxy and universe. If time permits we will talk about the multiverse concept. We will schedule two observing sessions, one to observe our Sun and another an evening Star party where we will observe Saturn and it rings, Jupiter and its four moons, our Moon and other deep sky objects. Astronomy is an exciting hobby for young and old. It challenges our minds and get us to look up at the night sky and explore that vast frontier above the earth.

INSTRUCTOR: TOM WESTRE is a retired public school educator with 37 years of teaching experience at the high school level. Tom received his bachelors and masters degree in education from the University of South Dakota. Tom has taught many subjects including astronomy at the high school level. Tom is the past president of the Cache Valley Astronomical Society (CVAS), a group of local amateur astronomers. He has been involved with astronomy since he was nine years old. He has four telescopes and enjoys observing and astrophotography.

HOW AIRPLANES FLY: SEE HISTORIC LOGAN FROM THE AIR!

135	5-Jul – 7-Jul	9:00 AM – 12:00 PM	W Th F	\$50.00	IS 101A
-----	---------------	--------------------	--------	---------	---------

The new REDBIRD full motion (3-axis) simulator will introduce participants to the exciting life of a pilot. Each participant will be at the controls of a 200 degree visibility simulator from take-off to landing over either Salt Lake City or Logan, Utah. After learning about the various flight controls, how aircraft fly and the rules of the air, each participant will have time in a simulator to practice. Optional flights are \$85, and will be at the controls of a DA-40 Diamondstar Aircraft with a highly qualified instructor. Based upon weight of participants and desire, participants may have availability to have someone in the back for a free flight (spouse, friend, etc.). Each individual flying will be required to sign a waiver prior to the flight. Flights will be dependent upon the weather and aircraft availability, but may occur outside of 'class time' due to scheduling.

INSTRUCTOR: BARON & TERRI WESEMANN Andreas "Baron" Wesemann is an assistant professor and professional practice instructor in the Aviation Technology Program. He arrived at Utah State University in 2015 after more than 27 years in the U.S. Air Force. While serving in the Air Force, Wesemann worked as an instructor pilot in five different aircraft, taught German at the Air Force Academy, and instructed at Specialized Undergraduate Pilot Training, where he helped develop the next generation of pilots. His professional interests are in areas related to aviation, including curriculum development, leadership and ethics in the cockpit, and safety and risk management systems. Terri Wesemann is a Utah State University student and will graduate in May of 2017 with a bachelor's degree in American Studies and a minor in English. She interned in the History of Aviation in America class where she helped develop a new curriculum. Terri is married to a pilot and has spent half her life around aviation.

THE SEARCH FOR MEANING IN THE PROCESS OF AGING

146	10-Jul – 14-Jul	1:30 PM – 2:45 PM	M - F	\$40.00	ENGR 201
-----	-----------------	-------------------	-------	---------	----------

In the process of life we find ourselves in the quest for meaning. Aging is the common denominator that challenges one to new insights. This course will investigate the concept of TIME. We will look at the “cultural shift” in one’s personal identity. We will examine the parallel between the mid-life crisis to the senior-life crisis. We will open Pandora’s Box with its “false gods,” study the seven Greek words for LOVE, and consider what it means to live in the “Now” as well as leave a personal footprint of our lives.

INSTRUCTOR: DALE HALLBERG is a retired pastor of the Lutheran Church (ELCA). During his career, he served four major churches in Michigan, Wisconsin, Pennsylvania, and Illinois. He received a degree in Psychology, Carthage College, Wisconsin; a Master’s degree in Theology, Gettysburg School of Theology, Pa. and a Doctor of Ministry in Spirituality, University of Dubuque, Iowa. He did advance studies at Union Seminary in NYC; School of Divinity at Yale, Conn.; University of Salamanca, Spain; and the Isle of Iona in Scotland. He has traveled the world extensively and taught numerous classes in human relations. Dale lives in Sun Lakes, Arizona with his wife, Janet.

UTAH’S STRUGGLE FOR STATEHOOD

118	12-Jun – 16-Jun	9:00 AM – 10:15 AM	M - F	\$120.00	ENGR 201
-----	-----------------	--------------------	-------	----------	----------

The people of Utah asked Congress for statehood 6 different times. Each time their request was denied and penalties were inflicted. Why? Utah (Deseret) had plenty of people living within its borders. They were loyal to the USA. Their leadership was strong and had plenty of experience. Why did it take 47 years and six petitions before statehood was granted? The answer is a wild, exciting story that no other State can claim. The problem centered on the Mormon ideal of unity in government and economics. They had a monopoly in economics and politics. Non-Mormons were shut out. They wanted competition and diversity. More and more non-Mormons were coming to make Utah their home. The Mormon majority had to change. We will explore this exciting true story as you’ve never experienced before. Friday, we’ll take a field trip to Salt Lake City to visit Brigham Young’s Beehive House, one of the first beautiful homes built in the territory. Our stately State Capital Building will also be explored. Lunch will be included in this guided bus tour day trip. Park your vehicle in the Maverik Football Stadium parking lot located on 1000 N and 800 E. Bus will depart from the Maverik Football Stadium parking lot.

INSTRUCTOR: LUCILLE HANSEN thinks everything makes more sense when we understand history. She taught in the public school system for 31 years. Her favorite classes to teach were history--especially Utah History. She loves the summer citizen program and looks forward to greeting all who come

“The highlight of our year.”

WHY DO WE CARE: THE HISTORY AND SIGNIFICANCE OF SPORT

123	19-Jun – 30-Jun	9:00 AM – 10:15 AM	M - F	\$95.00	ENGR 101
-----	-----------------	--------------------	-------	---------	----------

This course is designed for two weeks. The first week will be taught by both Professor Richard Gordin and Professor Ross Peterson. Most of the course will be spent on the Twentieth Century, but the origins will be discussed. How and why universities and high schools became involved, the professionalization of athletics, and the impact of television are all part of the course. The impact on society with such topics as integration and Title X are also included. Finally, the frightening reality and impact of permanent injury coupled with gigantic salaries and profits are analyzed. These are multi-billion dollar businesses with very few actual employed athletes. We will examine the salaries of commissioners of professional sport and college conferences-not just the athletes. Professor Ross Peterson will follow up the earlier session with a week-long analysis of how athletics and sport are reflected in literature, history, movies, and the news. The cultural impact of sport, especially baseball. The persona of the Superstar stretching from Jack Johnson, Babe Ruth, Arnold Palmer, Billie Jean King, and Michael Jordan will be discussed as creations of marketers. The unionization of team sports and the creation of free agency are elaborated upon as they effect society. This course will also explore more deeply into the phenomena of the professionalization of youth sports and how this impacts education. The course concludes with a discussion of sport and technology.

INSTRUCTOR: ROSS PETERSON & RICHARD GORDIN Dr. F. Ross Peterson is an emeritus professor of History at USU and originally from Idaho. He has taught summer courses on many occasions. His expertise is more recent US History. Peterson is an avid sports enthusiast who studies the impact of athletics on History. He is especially interested in how universities and colleges have provided opportunities through athletics for young people to achieve an education. Although baseball is his passion, he does study and follow many other athletes and how they impact history. Richard Gordin is an emeritus professor at Utah State University. He has been at the university for 36 years. He has been a professor in the department of Kinesiology and Health Science and an adjunct professor in the department of Psychology. He was the department's graduate coordinator for 15 years. Dr. Gordin has published 95 articles and book chapters and has made 370 professional presentations at state, regional, national and international conferences. He has been a sport psychology consultant for numerous athletic teams at his university, USA Gymnastics, USA Track and Field, US Ski and Snowboard Association and several professionals on the PGA and ChampionsTours. He is the former chair of the certification committee of the Association for Applied Sport Psychology (AASP). He is listed on the sport psychology registry of the United States Olympic Committee for the 2012-2016 quadrennial. He was the sport psychology consultant for the USA Women's Gymnastics Team in Seoul in 1988 and a sport psychology consultant for the USA Track and Field Team for the 2004 Olympic Games in Athens. He recently served as the sport psychologist for the USA Nordic Combined Ski Team in Vancouver in 2010 and in Sochi 2014. During spring semester 2010 he was a visiting professor at Jagiellonian University in Krakow, Poland. During the summer of 2011 he was a visiting professor at the Academy of Physical Education and Sport in Gdansk, Poland.

BRITISH HISTORY- THE TUDORS

132	26-Jun – 30-Jun	3:00 PM – 4:15 PM	M - F	\$40.00	ENGR 201
-----	-----------------	-------------------	-------	---------	----------

The Tudor period of British history is one of the most fascinating as well as the bloodiest. There was religious turmoil for over 50 years. Thousands of Catholics and Protestants were executed for their religious beliefs. An innocent Queen was set aside while another one was executed. Did Richard III have the Princes in the Tower murdered or was it Tudor political propaganda? Did Elizabeth I have a child or was she the "Virgin Queen"? We will explore these questions and many more.

INSTRUCTOR: ARTHUR CLARKE was born and lived in England for 55 years before marrying and coming to live in the U.S. He became a citizen in 2008. He exemplifies the saying, "you can take the man out of England but you cannot take England out of the man." He holds a B.Ed from Cambridge Institute of Education and taught in English schools for over 33 years. He loves British history and is enthusiastic to share his knowledge with everyone and anyone. He has a very keen interest in the Tudor period and the Tudor Monarchs.

FIRST LADIES OF THE UNITED STATES

134	3-Jul – 7-Jul	9:00 AM – 10:15 AM	M W Th F	\$40.00	ENGR 201
-----	---------------	--------------------	----------	---------	----------

Brought back by popular demand, this class will offer interesting and often little known facts about the First Ladies of the U.S. Beginning with Martha Washington, the course will feature presidential wives into the early 20th century. There will be photos of all of the First Ladies and handouts for you to remember important facts or trivia to share back home. *Campus is closed Tuesday, July 4th in celebration of Independence Day- no classes will be held.

INSTRUCTOR: JOAN ELDER has been a life-long teacher. Her 30 year career in Los Angeles Unified School District included elementary and middle schools and staff development. Upon "retirement" Joan also conducted mathematics education workshops for teachers throughout the US for Create-A-Vision. Recently, Joan has taught in her community of SaddleBrooke and nearby Sun City in Tucson, AZ, in a senior program in San Diego, and this will be her seventh summer teaching in Logan.

ALMOST PRESIDENT

141	10-Jul – 14-Jul	9:00 AM – 10:15 AM	M - F	\$40.00	ENGR 201
-----	-----------------	--------------------	-------	---------	----------

This new class will discuss many of the men (prior to 2016) who ran for President of the United States but were not elected. Many of the men to be discussed were the nominee of their political party, but some may have attempted unsuccessfully to obtain the nomination. Prior to modern times party conventions were strong determining factors in selecting a candidate. Sometimes it took many ballots to select a nominee and the nominee may have been a compromise candidate. Come and learn about unsuccessful candidates.

INSTRUCTOR: JOAN ELDER has been a life-long teacher. Her 30 year career in Los Angeles Unified School District included elementary and middle schools and staff development. Upon “retirement” Joan also conducted mathematics education workshops for teachers throughout the US for Create-A-Vision. Recently, Joan has taught in her community of SaddleBrooke and nearby Sun City in Tucson, AZ, in a senior program in San Diego, and this will be her seventh summer teaching in Logan. Joan has created this new class for those Summer Citizens who have enjoyed her previous classes: First Ladies of the US, The White House and Beyond and Relivin” and Relovin” the ‘50s.

FAMOUS HISTORIC LOGANITES

143	10-Jul – 14-Jul	10:30 AM – 11:45 AM	M - F	\$60.00	ENGR 201
-----	-----------------	---------------------	-------	---------	----------

David Eccles, an illiterate Scottish boy with an uncanny drive, was an early Logan Pioneer who made a fortune. He started many successful companies, giving employment to thousands of people. He changed the west. After David’s sudden death in 1012, his son, Marriner Eccles, managed the family’s business interests. By the mid - 1920’s Marriner and his brothers controlled seventeen banks. They became the First Security Corporation. Because of his leadership, those banks weathered the great depression. Franklin D. Roosevelt recognized Marriner’s talent, and brought him into his administration as Chairman (Governor) of the Federal Reserve, a job he held for 17 years. We’ll learn more about the Federal Reserve and get an insight into how the Eccles family can be so generous today. Also covered in this class will be other Loganites and their contributions: Charles Nibley and the Thatcher family. This class includes a field trip and tour of their beautiful homes.

INSTRUCTOR: LUCILLE HANSEN thinks everything makes more sense when we understand history. She taught in the public school system for 31 years. Her favorite classes to teach were history--especially Utah History. She loves the summer citizen program and looks forward to greeting all who come

COLORFUL CHARACTERS OF THE BEAR RIVER REGION

148	17-Jul – 21-Jul	9:00 AM – 10:15 AM	M - F	\$40.00	ENGR 101
-----	-----------------	--------------------	-------	---------	----------

Explore the colorful characters who have helped shape the Bear River Region’s culture then and now. The fabric of Cache Valley and the surrounding area was influenced by a diverse group: from Shoshone Indians to Bear Lake trader Peg Leg Smith; from the Dr. Pierce, the millionaire medical quack to the musicians; and from settlers who were saints and others who were sinners. They all played a part. This class highlights some classic contributions of historical figures and residents who are making history today.

INSTRUCTOR: JULIE HOLLIST TERRILL is the director of the Cache Valley Visitors Bureau. She holds a masters degree in journalism and communications from Utah State University, loves new adventures and is a sought-after speaker and instructor. She has taught as an adjunct professor at Utah State University and you’re just as likely to find her at the rodeo as at the opera. She loves summer citizens and can’t wait to share some of the area’s history with you.

“The variety of course offerings, the cultural opportunities in Logan, and the many scenic places to visit have made it a stimulating and rewarding environment.”

NAVAL BATTLES OF THE PACIFIC WAR

153	25-Jul – 28-Jul	9:00 AM – 10:15 AM	T - F	\$40.00	ENGR 201
-----	-----------------	--------------------	-------	---------	----------

The class will cover the Pacific War from 1936 to August 1945 with emphasis on the great naval battles. The circumstances that led up to these battles and the aftermath. There were many minor battles such as Bismarck Sea which will be reviewed in less detail, the primary ones are Pearl Harbor, Coral Sea, Midway, Guadalcanal/Solomons, Philippine Sea, and Leyte Gulf. The Philippine Sea was critical in that it gave us a base from which we could regularly attack the Japanese mainland and we did. It was from the Marianas Islands in the Philippine Sea from which we launched the two flights that dropped bombs on Hiroshima and Nagasaki. The final conflict came at Okinawa when the two bombs ended the conflict. Okinawa is not known as a naval battle but the Japanese attempts to dislodge us by use of the Kamikaze were devastating but not effective enough to change the tide of that war. *Campus is closed Monday, July 24th in celebration of Pioneer Day- no classes will be held.

INSTRUCTOR: DICK CLARK graduate of USC School of Business 1960. In 1997, on retirement, he joined the Palm Springs Air Museum, a World War II air museum, as a docent and served as such until being nominated to the presidency of that museum in 2010. He served as president for nearly two years when he retired for the second time and moved to Arizona. During those years his responsibilities included touring groups through the hangars discussing the airplanes used in World War II and the key battles both naval and air. Dick presented Saturday programs, where he lectured to audiences on various battles and specific subjects relative to World War II and taught classes about World War II to newly accepted volunteers so that they would have a basis to discuss this war with museum visitors. Furthermore, he participated in the writing of training manuals and historical papers to be provided to visitors. At any given time, the museum managed approximately 350 volunteers. As part of an outreach program he was asked to speak to tour groups such as Elder Hostel and fraternal organizations about the museum and its mission. In 2005, Dick was nominated to the museum board of directors and served until his second retirement and move to Arizona.

THE AMERICAN WAY OF WAR

INSTRUCTOR: JEFF BATEMAN served in the U.S. Air Force for 32 years, retiring as a colonel in 2010. A graduate of the University of Washington, he holds an MA in History from Utah State University and an MS in Strategic Studies from the U.S. Army War College. His work has been published in peer-reviewed journals, including the Utah Historical Quarterly, Airpower History, and the U.S. Army War College Press. Jeff has won more than twenty awards for his short prose and poetry, most recently the League of Utah Writer's Gold Quill Award. He is a recipient of the W. Mont Timmons Prize for Outstanding Writing in Utah History. Jeff teaches courses in American History at Utah State University. He is the author of *On the Death Beat*, forthcoming in 2017, Grey Gecko Press, and co-author of *No Peace with the Dawn: A Novel of the Great War*, Bonneville Books. Jeff lives on a mini-farm in the Wasatch foothills, where horses, gardening, and playing the bass fill the time he isn't writing or teaching.

SOCIAL MEDIA AND MOBILE APPLICATIONS FOR BEGINNERS

122	12-Jun – 16-Jun	4:00 PM – 5:15 PM	M - F	\$50.00	ENGR 203
-----	-----------------	-------------------	-------	---------	----------

We all have people with whom we want to stay connected and be updated. Social media makes that easier than has ever existed before. We can share memories, stories, photos, videos, quotes, and thoughts oftentimes from the palm of our hands. If you are a beginning user of social media platforms like Facebook, Twitter, Instagram, or Pinterest, then this course is for you. That is, if you do not know a “hash tag” from a “hash brown,” then this course will empower you with that knowledge. It is a non-threatening environment where you can gain practical, usable, hands-on experience in how you can best use social media to meet your needs... whatever they might be. We will cover how to upload and organize photos in Facebook, how to tag people we want to be connected to those photos, what hash tags are and why they are useful, and what the strengths and weaknesses of certain social media platforms are. This course will be a fun, active course, with plenty of examples and time for discussion. So, bring your phones, tablets, and laptops and we will get them ready to go. Come with your questions and they will be answered!

INSTRUCTOR: DR. PRESTON PARKER received his formal education in Business Management at Utah State University (Bachelor), in Mass Communication at Indiana University (Master), and in Instructional Technology at Utah State University (Doctorate). During the last ten years, he has created and taught university courses in social media, management, marketing, public relations, entrepreneurship, professional communication, and new venture marketing. He has a passion for social media and is currently involved in developing curriculum to help people become better users of the technologies available. In this regard, he has founded two non-profit organizations: the Social Media Club of Cache Valley and the Cache Valley Area Investors Association. Preston also serves on the Clark Entrepreneurship Center’s Founder’s Board, and as the faculty adviser over marketing for the USU Entrepreneurship Club. He has founded several businesses, including a multimedia production company, an instructional design company, a real estate holdings company, a restaurant, a produce company, and a consulting company. He finds great joy in utilizing social media techniques in the “real world” and then bringing his experiences into the classroom. But really, he would just like to be known as a good husband to his wife of 17 years, and a good father to his six young children.

PHOTOSHOP FOR PHOTOGRAPHERS - INTERMEDIATE TO ADVANCED

127	19-Jun – 23-Jun	3:00 PM – 4:15 PM	M - F	\$55.00	YETC Computer Lab
-----	-----------------	-------------------	-------	---------	-------------------

This is a hands-on instructional workshop on using Photoshop to digitally edit and/or enhance your personal photos. It assumes you have worked some in Photoshop before, and know the basic functions of that tool. Bring your photos! In this course, you’ll be working with your photos to take them from ordinary to extraordinary! The instructor will be using your photos to guide instruction and answer questions you have about Photoshop. Enrollment limited.

INSTRUCTOR: NATHAN SMITH is the Director of Technology Integration for the College of Education and Human Services at Utah State University. He is an expert on technology and education. Formerly an elementary school teacher, he now trains USU faculty and students. He is also a photographer and artist, a professional at Photoshop and inDesign, and a graphic designer.

BEADING AND JEWELRY MAKING

113	5-Jun – 9-Jun	10:30 AM – 11:45 AM	M - F	\$40.00	ENGR 203
-----	---------------	---------------------	-------	---------	----------

Do you enjoy looking at and wearing beaded jewelry? Have you ever thought, "I bet I could make that!" or "That jewelry set would be perfect if only it was the right color..." If this describes you then this is the ideal summer class! In Beginning Beading you will not only learn about the history and uses of different beads, tools and patterns; you will also have the "hands on" opportunity to build your own beautiful necklace, bracelet and earring sets. One of the greatest aspects of this class is that it allows you to be fully immersed in the art of jewelry making without the commitment of buying any of the patterns or tools. We will also be offered a deeply discounted price on the materials needed for the class, and we bring several expert beaders to class to assist with instruction so the student to instructor ratio is low. Beginning Beading is a fantastic chance to learn about jewelry making and make your own original and beautiful creations.

INSTRUCTOR: JENIKA PERRY is just plain crazy about beads. She graduated in 2000 from USU with a Bachelors degree in Interior Design and Photography. Shortly after graduation her mom introduced her to making her very first bracelet and she has never looked back. She was the owner of Beadles Originals Beads for 14 years and has now manages the bead department at Knit Unique. Her training comes from instructors around the world at the Bead and Button Convention in Milwaukee as well as good old trial and error. In order to give her students the best class experience possible she brings 2 of her most experienced employees and "partners in crime" to help mentor and teach the class.

CREATE CUSTOMIZED GREETING CARDS- BEGINNER LEVEL

114	5-Jun – 9-Jun	1:30 PM – 4:30 PM	M W F	\$40.00	ENGR 203
-----	---------------	-------------------	-------	---------	----------

Create and hand-make the perfect greeting card...the one that will be displayed for months. Materials fee will be \$12, payable to the instructor. You will be able to create 8-10 cards or more. Extravagant creations may require additional embellishments at student's expense. Beginner class will teach you use of machines, cutting techniques and recommendations of what to buy. Bring your own scissors, paper cutter and tape runner if available. Be ready to have fun and fall in love with your new hobby.

INSTRUCTOR: PAULETTE DUDA has been involved in many art adventures from oil paintings to stained glass. Her current passion is custom card design covering all seasons and venues. She sells her art at Art and Craft Shows, vendor sales, and has even sold at our Gardener's Market in Logan. Her cards can also be found at Bob's Variety in Sun City West. She teaches at several facilities in Arizona as well as in her home studio. She is very excited to be a part of the Summer Citizen's Teaching Staff. Her class will teach you to make cards that are so special that they will be treasured keepsakes.

PORTRAIT SCULPTING IN CLAY - SESSION 1

-----	----------------	-------------------	------	----------	---------

This class will teach how to sculpt the human head using the anatomy of the skull, planes of the face, proportion lines and attitude to achieve a life-like representation. Students will learn step-by-step method to create the human head out of water based clay, using large story board photos as a model; use mine or bring your own photos of a friend/family member as your subject. Each student will receive an instructional booklet, outlining every step of the project from beginning to end. All levels of ability from beginner to advanced can participate in this class. An armature and turntable will be provided to build project on. Material & tools required: all tools will be provided; 1-25# bag of clay will be included in the class cost; bring rags & large plastic bag to cover up piece between classes. Enrollment limited to 8 students.

INSTRUCTOR: BERNIE ARUM is a sculptor, using water base clay as his medium; graduated from FIT in New York with a degree in the arts. After retiring from the business world, went back to school to learn the discipline of sculpting and have been at it for the past eleven years. Worked in the sculpture department at Orange Coast College in Costa Mesa, CA for three years, before relocating to Arizona. Teaches sculpting classes at many of the active adult communities in the Phoenix area, as well as the WHAM Art Association & the USU Summer Citizens Program in Logan, Utah. Bernie has participated in various juried art shows with excellent results as well as doing commission work for commercial companies. The emphasis of the classes are to learn and have fun doing it.

"The Summer Citizens program is the most extraordinary program I have ever encountered. There is nothing else like it in the United States. It is the most enriching program at an incredible price."

INTERMEDIATE BEADED JEWELRY DESIGN: BEYOND THE BASICS

119	12-Jun – 23-Jun	10:30 AM – 11:45 AM	M W F	\$48.00	ENGR 201
-----	-----------------	---------------------	-------	---------	----------

Are you ready to take the next step in your beading and jewelry making adventure? Are you interested in learning new stitches and design techniques to expand your beading knowledge? At the request of our former students we have designed a class for intermediate and advanced beaders. We will jump right into designing and making your own beaded rope necklace or lariat. We will then be exploring the various ways to use the Herringbone and Right Angle Weave in jewelry making, and finally we will work with various gauges of wire to make pendants and intricate earrings. Prerequisites? Students should have a working knowledge of beads, stringing and basic stitching techniques. We also recommend that students bring their own tools (pliers, needles, and travel kit) to the class. The class size will be small and intimate and we make sure that there are always several experienced beaders in class to help with instruction. We are excited to offer this class for the first time and hope you will join us for a great time!

INSTRUCTOR: JENIKA PERRY is just plain crazy about beads. She graduated in 2000 from USU with a Bachelors degree in Interior Design and Photography. LYRIC REP: AN INSIDER'S GUIDE FROM THE PAGE TO THE STAGE

125	22-Jun – 28-Jun	10:30 AM – 11:45 AM	Th F M T W	\$50.00	ENGR 302
-----	-----------------	---------------------	------------	---------	----------

Examine the process of mounting a stage production with a series of guest lectures from directors, actors, and designers at the Old Lyric Repertory Company. Discover what it is like to be a professional (Equity) actor. Learn about the history of theatre in Cache Valley and tour Logan's historic theatres. Discuss several plays, then see them performed (optional). The group will meet before a show for dinner and have talk-backs with the actors and directors of the productions. The cost of tickets and the price of the dinner are not included in the course tuition, but will be reasonable.

INSTRUCTOR: DENNIS HASSAN is Professor of Scenic Design at Utah State University and Co-Artistic Director for the Lyric Repertory Company. He has designed over 150 productions for theatres across the United States. Dennis started working for the Lyric Repertory Company nearly 30 years ago first as performer, then as technician, scenic designer, and now as Co-Artistic Director. He teaches period styles, scenic design, scene painting and contemporary theatre.

MARCHING THROUGH TIME

137	3-Jul – 7-Jul	10:30 AM – 11:45 AM	M W Th F	\$40.00	ENGR 201
-----	---------------	---------------------	----------	---------	----------

The MARCH, as a musical art form, has been around since...well...forever. It is the music that brought down the walls of Jericho. It is the music that moved the Roman Legions. It is played at funerals, weddings, and coronations. Marches are in operas, symphonies, and ballets. Some are dance-like, others are really intense and fast. Some are regal and some are just funny. But the noble march has been an important part of the musical landscape for centuries. We will explore the many types and styles of this most fascinating and important musical form to discover how and why we are so moved by a good march. *Campus is closed Tuesday, July 4th in celebration of Independence Day- no classes will be held.

INSTRUCTOR: DR. JAMES BANKHEAD became the Music Department Head at Utah State University July 1, 2011. He held this position until June 2015 when he retired. He was Director, School of Music at Sam Houston State University, Huntsville, Texas from 2006-2011. He was an active leader in several statewide music projects and instrumental in the construction of the new Gaetner Performance Arts Center on that campus. Dr. Bankhead received his Doctor of Musical Arts degree from The Catholic University of America, Washington, DC; the Master of Arts degree is from Central Michigan University; and, the Bachelor of Music degree from Utah State University. Before going to Sam Houston State in 2006, he was the Chair, Music Department at California State University, Chico 1994-2006. In addition to his administrative leadership, he was director of bands, master's degree advisor and conductor of the Opera Workshop orchestra. He was principal guest conductor of the Shasta Symphony Orchestra in Redding, CA. He is a frequent guest conductor, clinician and music specialist at music events throughout the country including All-State Bands. Prior to his appointment at CSU, Chico, Dr. Bankhead was Executive Director of the Green Bay Symphony Orchestra and Producer at the Weidner Center for the Performing Arts. He produced shows, concerts and festivals involving artists ranging from Bill Cosby to the Pittsburgh Symphony Orchestra. Dr. Bankhead completed 22 years of military service in the Air Force retiring as a Lieutenant Colonel. He served as Commander/Conductor of the United States Air Force Band in Washington 1985-1991 and Deputy Commander/Assistant Conductor of that organization from 1976-1985. Prior to that he was Chief of Bands and Music for the Air Force stationed at the Pentagon. He has conducted in all 50 states and 18 foreign countries.

DEPARTING LOCATION - Maverik Stadium Parking Lot, NW corner. A walk around Tony Grove Lake provides an ideal setting for learning about the dominant plant communities, geologic history, and cultural practices that have shaped the landscape of the northern Wasatch Mountains. The terrain is steep and rocky, but we will keep to a trail that is fairly flat, and one that crosses a number of different kinds of habitats. The instructor is a retired professor of botany in the College of Natural Resources whose research had focused on the classification of North American flora and the distribution of native plants in Utah. Late July is the best time to witness a spectacular bloom and become familiar with the different species. Per person registration fee includes bus transportation, a boxed lunch and bottled water. Additionally a 1 hour class will be hosted the following day to highlight and review the experience. Please park in the North West corner of the Maverik Football Stadium parking lot to meet the bus. Enrollment limited to 32 registrants.

INSTRUCTOR: DR. LEILA SHULTZ is an emeritus Professor of Botany in the College of Natural Resources. She has spent most of her career exploring and writing about plants of the Intermountain region. She was curator of the Intermountain Herbarium for the first 20 years of her professional career where she worked to build the collection. She is considered an authority on the taxonomy of sagebrush (*Artemisia*) and geography of the Utah flora.

THE SUMMER CITIZENS SCHOLARSHIP ENDOWMENT FUND

In September of 1985 leaders of the Summer Citizens Program initiated a scholarship endowment fund at Utah State University. The purpose of this fund is to provide an enduring expression of gratitude to USU and to the people of Cache Valley for their hospitality. The Fund is a symbol of the satisfying relationships among those persons who make their summer homes in Cache Valley, the university, and the community. Recipients of awards from this Fund are known as Summer Citizens Scholars. Summer Citizens Scholars typically are those students who demonstrate financial need, personal integrity and academic achievement.

Recipients are graduates of a Cache County or City of Logan high school, legal residents of the county and citizens of the United States. Special consideration is given to recipients who would be unable to pursue a higher education without financial assistance. Thanks to the Summer Citizens, in 2016 two students were awarded the Summer Citizens Scholarship to pursue an education at Utah State University.

You can donate to the scholarship fund at the time of registration. When you register online, there is an option to add a donation to your registration. If you mail, fax or call in your registration, just indicate that you want to make a donation and the amount. This will be charged to you at the time of registration. You can also donate throughout the summer at the Summer Citizens Office in the lower level of the Eccles Conference Center, room 103.

2016 SCHOLARSHIP RECIPIENTS

TERI MARIE STIVERS

A 2016 Summer Citizens scholarship was awarded to Teri Marie Stivers during the 2016 End of Summer Closing Social Luncheon. Teri graduated from Mountain Crest High school with a GPA of 3.852. Teri is an excellent student and is dedicated to her love of art. She demonstrated tremendous effort and growth and has a positive attitude, is ambitious, teachable and eager to learn. Teri's artwork was accepted into the Utah State High School Art show in the Springville museum of Art. This is an achievement and honor that very few students obtain. Teri will be the first generation in her family to go to college and she is very excited and grateful for the assistance of the Summer Citizens Endowment Scholarship to aid her in achieving her goal of an art degree.

ALEX RUIZ MENDOZA

A 2016 Summer Citizens Scholarship was also awarded to Alexis Ruiz Mendoza during the 2016 End of Summer Closing Social Luncheon. Alexis graduated from Logan High School with a GPA of 3.738. Alexis was a valued member of the Logan High broadcast team which highlighted the daily live newscast of events for Logan High. He participated in all aspects of the production from an anchor, camera operator, teleprompter, to filming and editing news stories. Alexis is a conscientious, hard worker who overcame obstacles to have academic success. He is proud to be Latino that is bilingual. His dream is to become a pilot and excited that with the assistance from the Summer Citizens Endowment Scholarship his dream can become a reality. Alexis is also the first in his family to attend college. Alexis works hard towards his education by having self-discipline, motivation, and overcomes difficult trials that come his way. He is the most grateful for the generous donations which make this scholarship opportunity possible.

How to Register and Become a SUMMER CITIZEN

Register Early

Registration opens on January 9, 2017. Confirmations will be emailed following registration. Early registration deadline is April 25th. Each course or guided tour price increases by \$10 after the April 25th deadline. A minimum of 20 participants are required to keep most courses going. In some cases, class size is limited. Don't delay...register today!
